To the Dept. of Trade, Ag. & Consumer  
Protection  
and the FCC :

Please, please do not invade  
our privacy once again by denying  
the states (WI) the right to limit  
this outrageous practice. Will  
there be no end to this invasion  
into our homes? It will be a  
travesty and a sad commentary  
on what is happening to our  
rights as tax-paying citizens if  
you, the FCC, will not listen to  
citizens.

Sincerely  
Helen M. Polzer
